When you have to use hard water it is not an easy matter, to wash household utensits. To do good washing you should have good soap and soft water (sain, water). If you use hard water you must have good soap, and the best soap you can get is Sunlight Soap because it solens the hard water and makes a copious creamy lather. Use Sunlight Soap for all household purposes and the results will surprise you.

When white flour is wet it forms a compact mass, and if cooked thus, as it some kinds of pastry, and eaten, the digestive juices would only act on the outside of each morsel and the process of digestion is greatly prolonged. So yeast is used to make it porous. Yeast, however, consumes a portion of the gluten in the flour, which is already greatly defeat to the oct in the holds. deficient, being lost in the bolting.

#### Are you feeding your body and neglecting your brain power?

A dull brain is the result of an improperly fed stomach. Your brain wastes away with use the same as your body does. It must be built up and sustained with brain-nourishing food the same as your muscles, bones and tissues. The food element that makes brain is found in the outer coatings of wheat. This is the very portion of the wheat that greatest portion of the muscle-forming elements. He leaves liftle else than the heat and fat-producing basic principles of the grain. In

### SHREDDED WHOLE WHEAT BISCUIT AND TRISCUIT

The Natural Foods

you get the whole of the wheat, which contains every element that the human body requires and in exactly the correct proportions.

Eating Shredded Whole Wheat Biscuit and Triscuit means living according to Nature's laws -feeding each element in the body with the exact food in the exact quantity Nature has prescribed for each element in the body. The result is sound teeth, strong bones, elastic muscles, firm flesh, good, steady nerves, a quick, receptive brain, and the requisite heat and energy for the body.

Triscuit, the ideal toast, is made of the whole of the wheat-it tastes better than white bread toast and is infinitely better for you—try it toasted for breakfast to-morrow morning.

Make Triscuit your daily bread.
